

# **METRO DISTRICTS POOL HOURS**

**Pool hours change this year Monday, 8/19/2019  
due to the starting of local schools:**

**Fall Hours:** Hours change due to staffing issues.

**Hours:** 4:30 pm to 7:30 pm during the week. (Monday through Friday)

**Hours:** 10:30 am to 7:30 pm on the weekends. (Saturday and Sunday)

**Holidays:** Labor Day hours are 10:30 am to 6:00 pm

**Pool closes September 2<sup>nd</sup>, Monday at 6:00 pm for the season.**

**Please note, pool may close:**

Due to acts of nature, weather (Thunder, lightning, rain, which you must leave the pool area) fire ash, dust storms, safety reasons, disturbances, mechanical issues (Heater, pumps) etc., and water quality issues due to human defecation or outside temperature of 65 or less. Keep in mind depending on the issue and the time of the occurrence the pool could remain closed for the entire day. Pool closures will be determined by the Pool Management Company for each issue and/or occurrence.

Human defecation: When fecal matter is solid, the pool must be closed to treat the water. If the fecal matter is solid, it can take 30 to 60 minutes to get the pool PH to correct levels to where people can enter the pool again. If water testing fails and PH is not at correct levels, PH testing will continue every 30 minutes until safe. Loose stools and or diarrhea in the pool, potentially the pool has to closed for up to 24 hours or longer to verify that the fecal matter has been eliminated before the pool can be re-opened.
